

## A Sample Set of Slides

Your Name Here

Totally Not the Last Minute

## An ordinary slide

Here are my notes.

With some text.

And a block

And some text underneath.

## Another slide

A note on my list.

- ▶ With a
- ▶ list.

## A slide to show overlay tricks

Notes can also have overlay specs. First slide version note.

This text appears on the first and third versions of the slide, but not the second.

This uses beamer's highlighting command to draw attention here, but only on the second slide.

## A slide to show overlay tricks

Second.

This uses beamer's highlighting command to **draw attention here**, but only on the second slide.

## A slide to show overlay tricks

And third. Use  $\LaTeX$  macros in notes, like *emphasis*.

This text appears on the first and third versions of the slide, but not the second.

This uses beamer's highlighting command to draw attention here, but only on the second slide.
